### Location of the Rural Villa in Mallorca

The authentic and rustic villa "Paisaje" is in a fabulous rural location, less than 3 km from Petra. Petra is a small, dreamy town that owes its charm to its narrow alleys and golden natural-stone buildings. With its central location in the middle of the island, the beaches of the northeastern section of coast – such as the lovely Bay of Alcúdia –, as well as the rest of the island, are easily reached by car.

## Detailed description

A warm welcome to this rustic villa with the pretty name of "Paisaje". Translated, this means "scenery", and this villa as well as the surrounding area in the middle of the island around Petra have lots of this to offer. The old natural stone wall has been completely renovated and made into a cosy summer holiday home. With a generous living

space of 400 m<sup>2</sup>, there is plenty of room for a maximum of 8 people. On the ground floor, there is an open-plan living/dining room. The house layout with its partially exposed old stone brickwork and the earth colours used on the ceiling, walls, and floors create a really cosy feeling of harmony. Two comfy leather sofas in front of the open corner fireplace further emphasise the homely feel. The dining area with its oval table and seating for eight is located near the fireplace, adding to the convivial character of the handsome living/dining area. The kitchen is a particularly striking, large room that occupies the former hall of the old farmhouse. It can be accessed from both ends. The fully equipped wooden kitchen offers every comfort travelers, especially larger groups of travelers who opt for a self-catering holiday, need. Everything is here - from a coffee and Nespresso machine,

toaster, microwave, cooker, and large refrigerator to a dishwasher. The large clay sink has been preserved and is partially fitted into the wall. In its days of agricultural use, this was probably the only water source in the house. This detail has been lovingly carved out and fully incorporated into the kitchen's design. On the same floor, you will find one of the four bedrooms with a modern shower room. The remaining three bedrooms are on the top floor and share a huge, particularly modern bathroom. Two bedrooms have double beds, the other two each have two single beds. All bedrooms enjoy a really pleasant atmosphere. A good night's sleep is guaranteed under exposed wooden beams in spacious rooms. Both bathrooms are particularly modern with trendy bath furniture, walk-in showers, and even a bidet. Outside the villa, there is a nice wild looking garden, which reinforces the authenticity of this property. There are many seating options in the outside area. These are spread over the garden, some in the shade for those preferring protection from the sun. A large millstone has been turned into a table with seats, a glass plate fitted for the table top. The 40 m<sup>2</sup> salt water pool, with its meandering pattern of mosaic tiles is on a type of elevated location next to the house and the outside kitchen. For your relaxation, there are comfy sun loungers on a lawn, lined with a cactus garden and numerous almond trees, which surround the entire residence. This enormous cactus garden is of incredible and venerable beauty and emphasises once again the age of this lovely property. We particularly like the handsome outdoor kitchen, quite near to the pool.

It is fully equipped with a grill, oven, refrigerator, and even has running water. Here, on the covered terrace, you might like to spend your evenings with a sociable BBQ enjoying fresh produce from the local markets or a good glass of wine, which the region around Petra is particularly well-known for. On one of the separate estates of the villa, there is a friendly neighbour – Murta, the donkey, who children in particular will love. The traditional villa "Paisaje" is located in a pretty secluded and really quiet location, surrounded by lots of almond trees. A small country road, that leads from Sineu to Petra means that Petra can be reached in five minutes by car. On foot, this pretty resort can be reached in just 20 minutes. The friendly villa owners have worked out that you can hear a train for about 4 seconds every hour, as the railway track is about 70 m away from the house. Apart from this, your peace will not be disturbed. The nearby village of Petra with its golden brown stone houses is reminiscent of a dreamy town far from hustle and bustle. You should certainly visit the weekly market and the small bars, cafes, and restaurants in this tranquil town, which has developed a good infrastructure whilst still retaining its tranquillity. The weekly market at Plaça Ramon Llull (always Wednesdays) is cheerful and bright and great for shopping or taking a stroll. Last but not least, we would like to draw your attention to the favourable price of this villa, suitable for up to eight people and great for children. We at Fincallorca wish you a lovely holiday in the authentic rustic villa with the pretty name of "Paisaje".

A little more cleanliness otherwise everything ok

The **fincallorca**-Team:

Thanks for your feedback! On arrival the Finca should be clean, the owner is very sorry that this was not satisfactory in your case. He has already consulted with the cleaning company and will ensure that this does not happen again. We would be pleased to welcome you once again on the island!

Nice place to stay. Since it rained heavily on the first day, it dripped through the ceiling (in the bathroom) on the upper floor. Gas bottle was empty on arrival. However, it was replaced within a few hours (there was also an electric cooker, so this was not a problem). The chickens from the adjacent henhouse can flutter over the fence and then run through the garden. We then partially brought them back again.

The accommodation inspired us again this year - even if the hygienic conditions weren't as great as last year.
